Syed Najam

Muslim identity, AI, parenting, education and future leadership.

PROFILE

Syed Najam is a Mississauga-based Muslim educator, speaker, technology advisor and community builder. He brings nearly 20 years of experience across technology consulting, digital transformation, governance, machine learning and AI-related initiatives. As CEO and Director of the OBIS School Network in India, he also brings education leadership and lived community experience to every conversation. His work connects timeless Islamic values with the practical choices facing families, schools, professionals and leaders today.
